

CROSS-BORDER TRADE IN DENMARK: OPPORTUNITIES FOR GROWTH

Cross-border payments are on the rise in Denmark

But settlement in and out of DKK can be slow

Taking between
2 and **5** days

37%
Companies transacting
in DKK that want improved
trade settlement times

And transactions can be expensive

0.8% of GDP
The total cost
of payments to the
Danish economy

27%
The total cost of
payments in Denmark
from B2B transactions

Now, innovations in direct clearing will make payments
faster and cheaper for businesses trading in Denmark
